

PROJECT DEVELOPMENT PHASE

Delivery of Sprint 4

Date	12 November 2022
Team ID	PNT2022TMID41405
Project Name	Global Sales Data Analytics

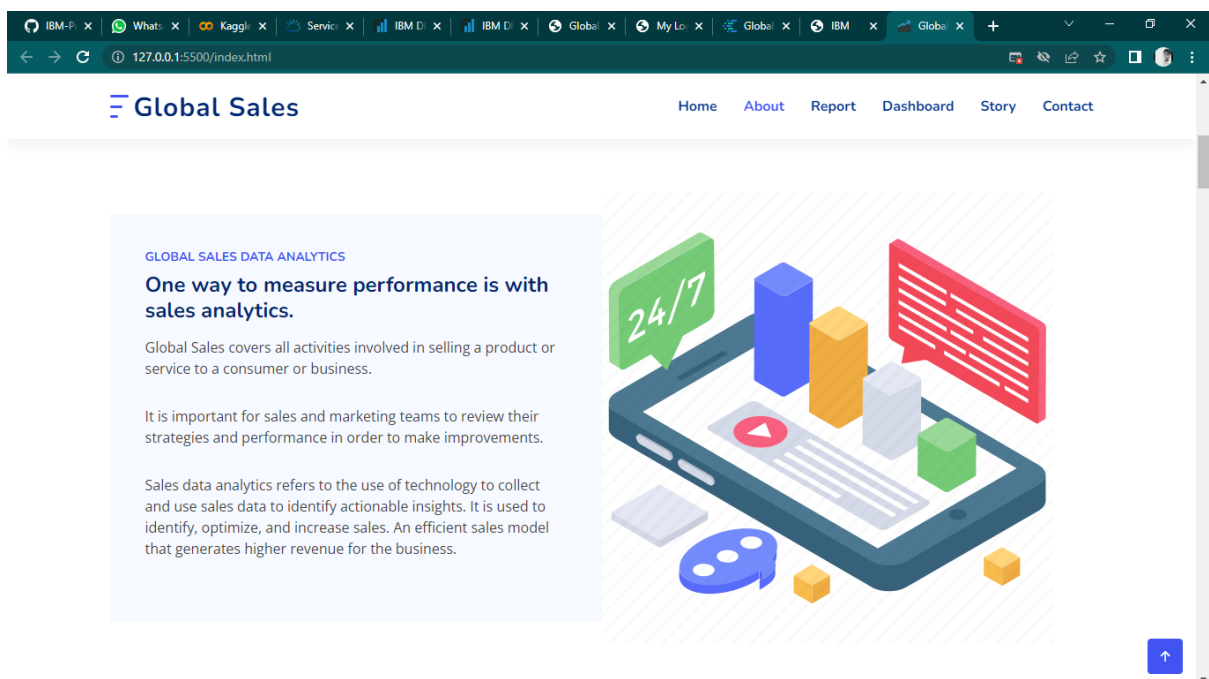

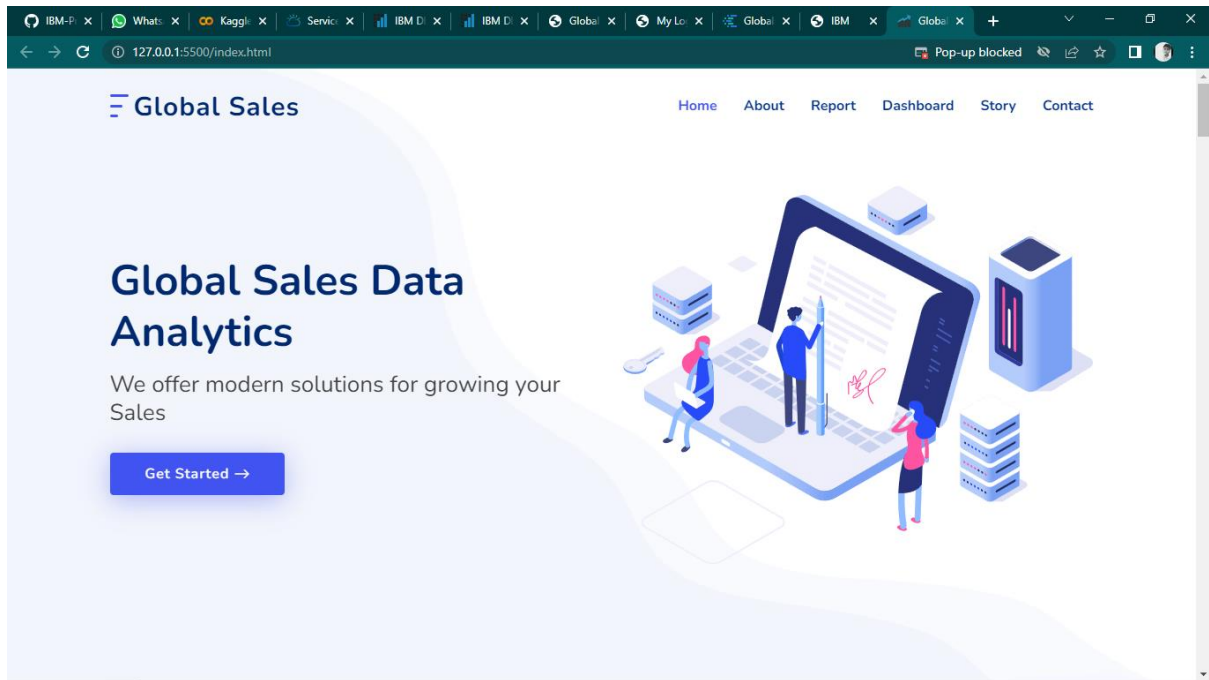

- Creating web application
- Embedding Dashboard to web application
- Embedding Report to web application
- Embedding Story to web application

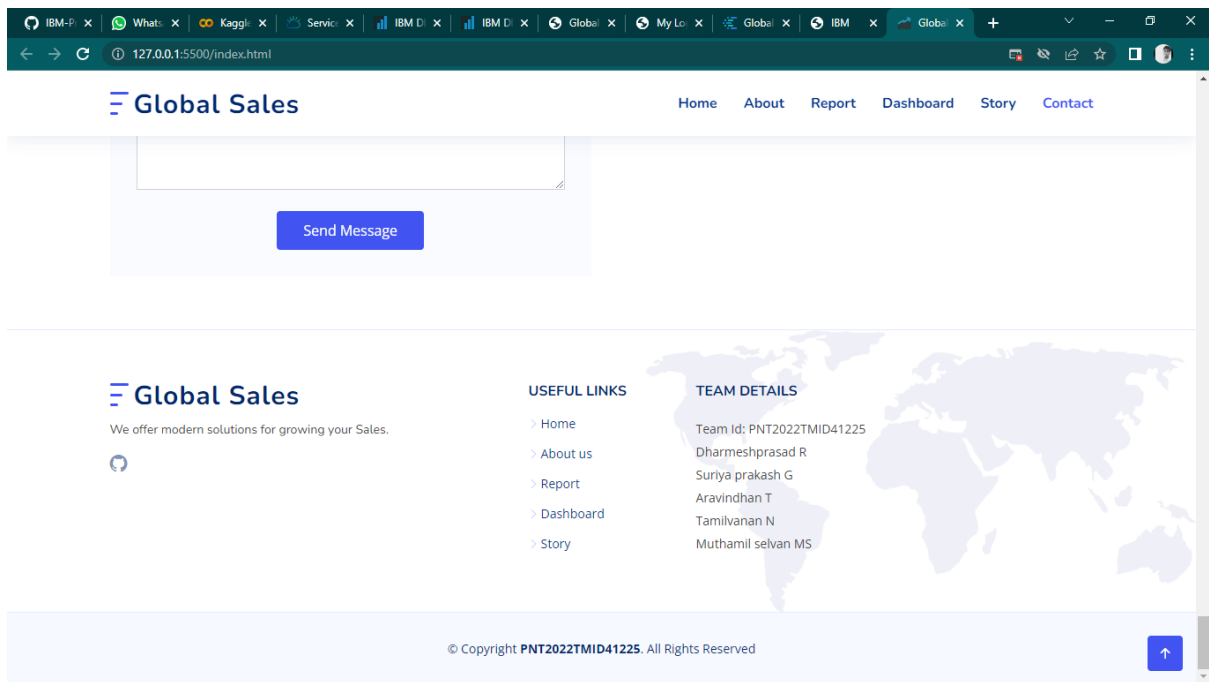

Creating web application:

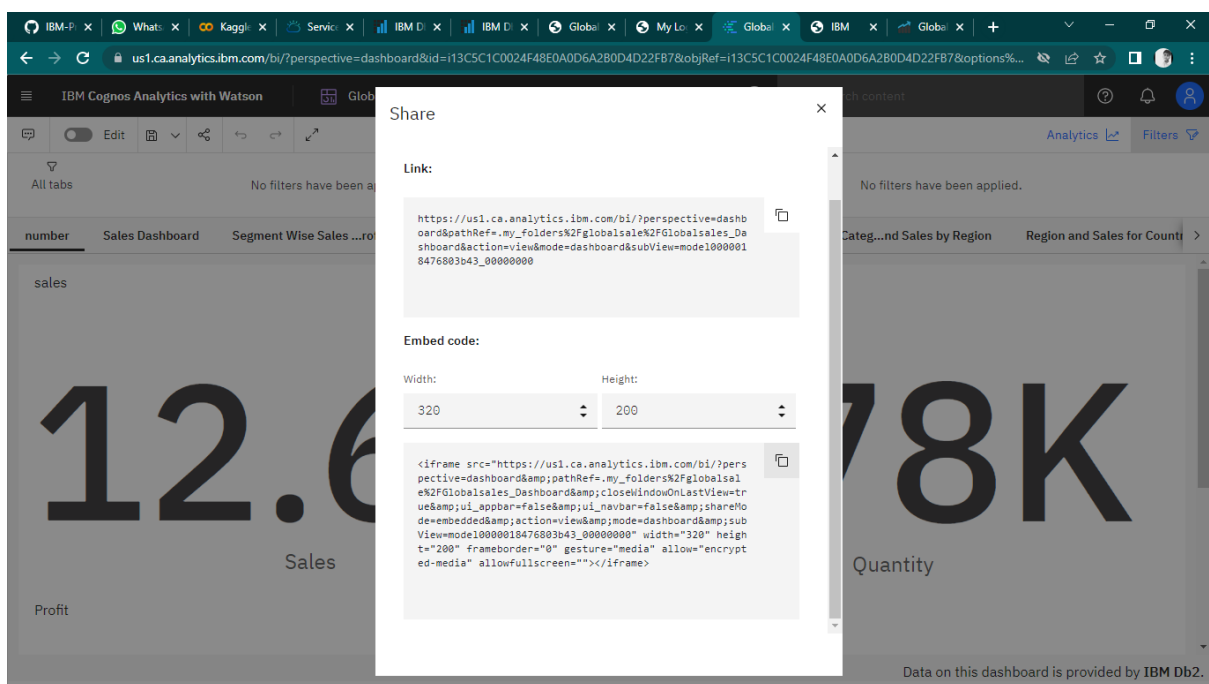

The screenshot shows the Visual Studio Code editor with a project named 'webapp'. The Explorer sidebar on the left shows the file structure: WEBAPP, assets (css, img, js), vendor, forms, forgot.html, index.html, login.html, register.html, and reset.html. The main editor area displays the content of index.html, which is an HTML5 boilerplate with Bootstrap 5 and other dependencies. The code includes a DOCTYPE declaration, meta tags for charset, viewport, title, and description, and links to various CSS and JavaScript files. The status bar at the bottom indicates the current file is index.html, line 1, column 1, with 2 spaces, UTF-8 encoding, and CRLF line endings.

Embedding Dashboard to web application:

[illegible]

The screenshot shows the IBM Cognos Analytics web application. A 'Share' dialog box is open in the foreground, partially obscuring the background interface. The dialog has a title bar with a close button (X) and three tabs: 'Send', 'Link', and 'Export'. The 'Link' tab is selected and underlined. Below the tabs, there is a 'Link:' section containing a long URL: `https://us1.ca.analytics.ibm.com/bi/?perspective=story&uid=i4A67CFB043AF4E285F1AAD8BCF089A6&objRef=i4A67CFB043AF4E285F1AAD8BCF089A6&options%5Bdsi...`. Below this is an 'Embed code:' section with input fields for 'Width' (set to 320) and 'Height' (set to 200). Below these fields is a text area containing an iframe code snippet. A 'Copied' tooltip is visible over the embed code text area. The background interface shows the IBM Cognos Analytics dashboard with a top navigation bar, a left sidebar, and a main content area with a 'Maintenance: Scheduled maintenance completed, Click here to view details' message and a 'Drag and drop data here to filter this scene.' prompt.
