Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

Importance

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

Sticky notes on grid:
- Gathering data only from trusted sources
- Creating automated sales target based on the product data
- Track the number of metrics, such as stock-to-purchase ratio, slow moving stock, etc.
- Train our team to customer data safety
- Interactive visualization
- Finding out low quality of data
- Listing most and least buyers data by default whenever we insert a dataset to manage the customers.
- Calculating high sales product and give importance to the product
- Invest in customer database software
- Take customer data security seriously
- Manage most buyer data
- Pointing out least purchased product

TIP

Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the **H key** on the keyboard.
